**Saudi Fal Emerson Jubail Facility Plan (9000m<sup>2</sup>)**

Saudi Fal Company and Emerson Process Management MEA are collaborating in a new facility in Jubail Industrial City in the Eastern Province of Saudi Arabia.

This facility will provide house Fisher Valve assembly for GX and E bodies up to 8 inch with a plan to incorporate Fisher's new rotary offerings by end of 2009. In addition there will also be a Valve Automation centre and Control Valve centre of excellence offering diagnostic services and valve service and repair capabilities including repair and overhaul of our ODV tier of Severe Service solutions.

PSS and PWS will have staging space available as part of the second phase in this strategically important facility. The BOQ has been submitted to 3 Contractors & selection will be by mid May 08 and Construction Contract award no later than end of May.

**PlantWeb Victories & Support of Emerson Brand**

**Saudi Fal Co. Ltd** received PlantWeb victories and Support of Emerson Brands award in Middle East & Africa for the year 2008.

The award has been achieved by the contribution of Emerson and the efforts of the Saudi Fal Plant Web Team.
